Principal Advisory Council Parent Representative Candidate

I am a product of public education (Texas) with a journalism degree from the University of Texas (a sportscaster for CNN and Fox Sports, a Realtor the last 12 years). I have lived in the Dunwoody community for 25 years, both my children attended Dunwoody schools since kindergarten. I have always been active in the community: president, Springfield Neighborhood Association; VP Kingsley Swim Club; VP Dunwoody Homeowners Association, ran for Dunwoody city council. Involved, passionate parents with a proven track record in the community can make a tremendous impact in bettering our children's education and that of future generations.

I moved into Dunwoody with my family in 1972, went to Vanderlyn and graduated from DHS in 1981. Attended Belmont Abbey College in North Carolina, moved back to Dunwoody when I married my wife Allison. I've been involved with coaching basketball and baseball as well as a leader with the cub scouts. My son Fitts started DHS this year, my daughter Isabel is in the 7th grade at PCMS. I wish to be a part of the Principal Advisory Council to better link the parents to the school community to promote student/teacher performance.

KAMELYA HINSON

Principal Advisory Council Parent Representative Candidate

I have been an active parent in DeKalb County Schools for more than 20 years. I've served on several charter school and magnet school parent boards, team mom for dance team, orchestra booster club, etc. As I got one child out of high school and through college I faced a new challenge with my 2nd daughter. She was diagnosed with high-functioning autism. Although I'm still an active parent in anything she does, I have an added commitment to see that special needs children who are able to learn be provided the necessary needs for success. Thanks for your consideration.

DAVID KOPEL

I have lived and worked in Dunwoody for 25 years. During this time, I've held board positions at every school level dealing with issues such as transportation, finances, logistics, and community involvement. I am currently serving as the DHS Chorus Booster Club Treasurer, a position I have held for the past six years. I have two children: a daughter (DHS class of 2017) and a freshman son. I have experience in analyzing situations and solving logistical challenges. I want to use these skills to ensure that all students at DHS get the opportunity to achieve their maximum potential.
