What is Dual Enrollment ?

Dual Enrollment is a program that provides funding for students at eligible high schools that are enrolled to take approved college-level coursework for credit towards both high school and college graduation requirements.

Dual Enrollment Step-By-Step Guide

DUAL ENROLLMENT
STEP-BY-STEP GUIDE

- 1

Meet with your guidance counselor (and parent) to discuss your interest in the Dual Enrollment (DE) program at Georgia State University - Perimeter Campus. Discuss participation requirements:

 - Enrolled in an eligible high school in the state of Georgia
 - A minimum grade point average of 3.0 in core academic classes
 - Standardized test score minimum:
 - SAT; minimum Math score of 26.5 and minimum Reading score of 26
 - ACT; minimum Math score of 21 and minimum English score of 20
- 2

Atlanta Campus requirements are different

Dual Enrollment Student Participation Agreement FY 2019

The Dual Enrollment (DE) program provides opportunities for eligible students in grades 9-12 to enroll part- or full-time in postsecondary institutions and take college courses to earn both high school and college credit.

Note: Copies of this completed form should be provided to the students, parents/guardians, and respective postsecondary institution(s).

Note: This completed form should not be forwarded to the Georgia Department of Education or the Georgia Student Finance Commission.

I. Dual Enrollment (DE) Requirements (Reviewed and initialed by Parents/Guardians)

_____ The student's Individual Graduation Plan has been updated to reflect the plan of study through the DE program.

_____ The eligible DE student must contact the high school counselor for approval before any course/schedule changes can be made during the semester/quarter. All DE courses and the course grade will become part of the student's high school permanent transcript.

_____ The student and parent/guardian acknowledges that should a participating DE student choose to withdraw from a college course, the high school will make its best attempt to place that student in a corresponding high school course or online credit opportunity to meet course completion and graduation requirements. If no corresponding course or credit recovery opportunity is possible, the local school system shall determine how the course will be recorded as a withdrawal or incomplete on the student's transcript. (Check with school officials for the local school system policy regarding withdrawal from DE classes.)

_____ DE expectations and responsibilities have been shared by the school counselor and all student and parent/guardian questions/concerns have been discussed.

_____ The parent/guardian acknowledges that the U.S. Department of Education requires that all post-secondary institutions provide training on sexual assault awareness and prevention under the Violence Against Women Act. This mandatory training information will be provided by post-secondary institutions at no cost and could include DE students.

_____ A student participating in the High School Postsecondary Graduation Opportunity must complete all state-required coursework and any state-required assessments associated with these courses per the GADOE assessment guidelines/requirement; whether courses are taken at the high school or through DE. High School Postsecondary Graduation Opportunity program requirements will be explained by the high school counselor during the advisement session.

I, _____, hereby grant permission for the college/university to release information (Student Name – Please Print) of my enrollment and grades, including class schedules and transcripts, to my high school counselor or principal, for the purpose of verifying my high school graduation requirements. This release will remain in effect throughout my enrollment as a DE student.

VI. General Information

- DE classes attended on the college campus follow the college calendar and DE classes attended on the high school campus during their scheduled school day follow the high school calendar.
- Students participating in DE college courses should do so with the knowledge that the course work may be more rigorous and challenging than high school courses. Students are held to a higher degree of independent responsibility and accountability than in regular high school classes.
- Students may be responsible for additional costs, such as course or lab fees/supplies, and/or fees charged for late or damaged textbooks.
- Only full-time DE students are eligible to take PE at any USG institution. PE classes are not available to DE students at TCSG institutions. Students must check with private institutions for their policies.

New Information for Fall 2019-2020 Student Participation Agreement

- Starting Fall 2019 (FY 2020) students will be required to upload their Student Participation Agreement form(s) onto their Admission's checklist. In attempt to better serve students, they will have direct access to upload their SPA online via the Admission checklist. The Dual Enrollment office will no longer be accepting these forms. The Admission's checklist is available to new and returning students.
- Please note, the Summer term is a part of the FY2019 school year; however, Fall 2019 will start the FY2020 school year. Please remember that the Department of Education updates the Student Participation Agreement for the upcoming school year. The FY2020 form should be released soon.

AP Courses vs. Dual Enrollment

Advanced Placement

- **Who can enroll:** Varies among high schools; some require teacher recommendations.
- **Class structure:** Meets everyday, EOC required, AP Exam required for college credit, Led by high school teacher.
- **Cost:** AP Exam Fees
- **Earning Credits:** A passing score on an exam is a 3 or higher, but the required minimum score for college credits differ among colleges. Many require at least a 4.

Dual Enrollment

- **Who can enroll:** Juniors and Seniors that are on track for graduation, a 3.0 recalculated GPA, and applicable test scores.
- **Class structure:** 2 – 3 times per week, No EOC required
- **Cost:** Funding Provided (subject to change), AP Exam not required
- **Earning Credits:** Students are graded on their coursework over a semester. Elite colleges are likely not to accept the credits, but many state colleges and universities do.

Thank You!!!
