

AP Chemistry

Dunwoody H.S.

Mr. Cameron

Summer Assignment

2021-22 School Year

Purpose: The purpose of the AP Chemistry Summer Assignment is to enrich, challenge and engage students who want to take AP Chemistry. This assignment is graded and will be rigorous. Because AP Chemistry is a Spring semester class, the assignment will not during the summer, but will be completed over the Thanksgiving and Winter Holiday breaks.

Assignment: Any student taking AP Chemistry will be required to come to Room 1704 during the week of November 15th to pick up the assignment and an AP Chemistry Textbook from Mr. Cameron. Failure to pick up the assignment during that week will result in deduction in grade on the assignment. Mark your calendar now.

Due Date: The completed assignment will be turned in at the beginning of class on your first day of AP Chemistry class, Monday, January 4th, 2022. Any assignment turned in late will receive 50% credit maximum. After 2 days late, the assignment will not be accepted for a grade.
