

Greetings!

The Digital Dreamers comprehensive technology program is the district's initiative to increase students' technological footprint and prepare them to be globally competitive students. In order to support this initiative, all students at Dunwoody HS are eligible to receive a Google Chromebook. The chromebook is considered educational material, and just like a traditional textbook, it is a resource to support teaching and learning.

In order for your student(s) to receive a device, please follow the instructions below.

- Log on to <https://enrollment.insureappleiphone.com/subscribe/76cb112f36f22fb6514766a9c1c1a6d86a2bba0f6b053217afe8ded60e8a6aa6/DUNCO>
- Launch the process to pay for your student's Chromebook insurance.
- Enter the required information only. Required fields are marked with an asterisk (\*).
- Pay the \$20 and keep your payment confirmation.
  - *NOTE: The \$20 payment is per student annually, so please make sure you enter payments for each student separately.*
- **If you are interested in sponsoring a student so that they may receive a device, please email Ms. Harris [Larryssa\\_Harris@dekalbschoolsga.org](mailto:Larryssa_Harris@dekalbschoolsga.org) the number of students you would like to sponsor. Sponsorships are accepted in increments of \$20. (THANK YOU FOR YOUR SPONSORSHIP!)**

### **Additional information:**
