

FERNBANK SCIENCE CENTER

2020-2021

ADVANCED STUDIES

Want to learn about animal science, crime scene investigations, ecosystems, food science, or AP Physics? **ADVANCED STUDIES** courses at Fernbank Science Center may be for you! These unique experiences offer engaging, hands-on, laboratory and field investigations where students have an opportunity to . . .

- Learn from expert instructors in a college-like environment
- Have more in-depth understanding of scientific phenomena
- Gain exposure to many fields of science and science careers
- Develop friendships with students from other DCSD schools
- Take unique science electives that may not be available at your school

FSC Advanced Studies courses are available, tuition-free, to all DCSD 10th, 11th, and 12th grade students. For course offerings, pre-requisites, class days/times, and applications, visit the FSC Advanced Studies website:
