

## Le travail d'été de Français AP

During the summer you should try to focus on your French skills. **What you don't actively use, you will lose!** (Talk to yourself and those who know French in French as often as possible, think in French!).

**Essential question:** How can I improve my skills in French?

### **Objectives:**

- To become familiar and comfortable with the language and minimize the fear of speaking, listening or reading in the Target language.
- To expand your vocabulary via authentic readings and thematic vocabulary
- To have good grades

Please be sure you have completed the summer work and **late work will not be accepted** It is your responsibility to let me know by email why your work will be late and if it is a valid excuse, your late work will be accepted with few points off or not point off). ## Part 2

### **1) Journal Keeping for Writing and Vocabulary Growth**

You will keep a journal (google doc) over the summer/fall with a minimum of **1 entry of at least one paragraph in length every other week from June through August ( 6 entries)** . The topic can be anything of your choosing. For example, you can write about your opinions on a certain topic, describe your day, or just write a mini-story. Try to vary your tenses. It is expected that you use a dictionary and look up new words to use each time to broaden your vocabulary base (VERY important!!) From these listening and reading resources, write down the names of the videos you viewed / articles you read and **5 or more words in French and English** that you learned per session. You should have a list of at least **25 or more words per week**. That is, a minimum of 5 fifteen minute sessions. Place each week's vocab on a page with a heading of the **title and the date completed**. By the time school begins, you should have a least **6 or more lists of 25 vocabulary words = 150 new words!**

Vary your viewing and reading to include the following themes that appear on the AP French exam:

1. Science and Technology
2. Contemporary Life

3. Family and Community
4. Beauty and Aesthetics
5. Global Challenges
6. Personal and Public Identities
