Hello Advanced Placement (AP) Parents and Guardians:

It's time to order AP exams for Spring 2022 courses. The current ordering period is for students who are taking spring AP Courses and is open now through Friday, March 4, 2022. Students who have decided to take an AP Exam from a Fall 2021 course may also register at this time; however, a \$40 late fee will be assessed by College Board.

The DeKalb County School District (DCSD) will fund one exam for all DCSD students enrolled in an AP Course during the 2020-2021 school year. The Georgia Department of Education (GaDOE) will fund one additional exam for students who are taking an exam for a STEM course. AP STEM exams include the following courses:

AP Biology	AP Chemistry	AP Physics 1
AP Calculus AB	AP Computer Science	AP Physics 2
AP Calculus BC	AP Environmental Science	AP Statistics

AP Exams cost \$98.00 per test, which includes a small processing fee for online registration and payment. Students who qualify for Free/Reduced priced lunch are also eligible for an AP Exam fee reduction; after DCSD covers the first AP Exam and the GaDOE funds a STEM AP Exam, the discounted fee for non-STEM AP Exams is \$53. College Board has reinstated the \$40 cancellation fee this year; while the GaDOE and DCSD waivers covers the cost of applicable exams, they will not cover late/cancellation fees. AP Exam Dates and Fees are published at AP Central, <https://apcentral.collegeboard.org/courses/exam-dates-and-fees>.

We are excited to offer online registration through the Total Registration Platform, which includes online and mail in payment options for AP Exams (<https://user.totalregistration.net/AP/111152>). Registration is now open through Friday, March 4, 2022. Most students have enrolled in the College Board MyAP Classroom platform; however, students must also register for AP Exams on the Total Registration Platform.
