Principal's Report:

Attendance: Enrollment is at 1560. Discussed future trends and growing enrollment over the next few years.
Discussed attendance and talked about how attendance was starting out better this year.

Instructional needs:

- Instructional needs – Overall, we are on track for FTE dollars to be allocated and spent prior to Oct 15, 2013 with a reserve held for instructional supplies throughout the remainder of the year.

Staff Issues / Needs – All teachers hired. Looking into one position to be added in Math due to enrollment

Teacher Issues / Needs – Teachers report that they have had a great start and feel that they have materials they need.

Construction / Plant Services: Sprinklers almost finished. Fields are being provided for football in the meantime.

School Site Budget and Expenditures – DHS has a budget of around \$130, 000 for instructional spending. He also explained that the majority of the money will be encumbered and spent by Oct 15, 2013 with a reserve for supplies being held out.

Current Issues: Textbook issues in science with Chemistry and Biology. Mr. Maloof will look into this and provide a solution.

Teacher's Report: School off to a smooth start and that teachers are doing well.

New Business:

- Mr. Maloof gave a brief review of the school CSIP process and will bring it for review at the next meeting.

- Mr. Maloof shared that he and his leadership team are considering the 7 period day for logistical reasons. This is not in response to academic concerns.
