

Welcome New FLEX Academy Student!

The FLEX Academy Staff is thrilled to have you join us for Spring Semester. We look forward to supporting you through the beginning of your journey in online education and throughout the remainder of the school year.

The first task for you as a new FLEX Academy student is to watch this [Welcome Video](#). The video will review the Orientation to FLEX Academy course. This course will provide you with important information about our online environment and an overview of your course.

If you need additional support please feel free to contact your Counselor. Your Virtual Learning Specialists look forward to meeting you soon.

Best Regards,

FLEX Academy Staff
